Ms. Diane Plumlee
Purchasing Manager
Micro Plastics, Inc.

Dear Diane:

This letter confirms that Perfluorooctanyl sulfonate (PFOS) is not used in the manufacture of Vydene® 21SPF nylon resin, and therefore, should not be present at detectable limits.

If you have further questions about this or any Solutia product, please do not hesitate to contact us.

Regards,

A handwritten signature in black ink that reads "Travis L. Willard". The signature is written in a cursive, flowing style.

Travis L. Willard
Product Stewardship Manager
Vydene® Nylon Plastics and Polymers
Solutia Inc.
